

SPRING into action!

Welcome to our **Spring 2011 PlumbNews** newsletter.

Now is the time for a good ol' "Spring Clean" and get all those jobs done around the house that you have been putting off for the last 12 months! Before Summer hits, bringing with it hot days and rain storms, you should think about the following:

- Clear blocked drains/sewer lines - the last thing you want is a flood inside your home.
- Clean out and/or repairing gutters and downpipes - this will not only assist with draining rain water from your roof, but it is also essential practice if you are in bushfire prone areas.
- Make sure you have enough gas for the BBQ season! If your BBQ is compatible/convertible, we are fully licensed to connect to and install any required fittings to your home's natural gas supply.

We can carry out all these services for you. Call **1300 55 2248** today to book an appointment.

Lorenzo's Gold Coast Marathon Results

At the time of writing our last newsletter, Lorenzo (the owner & manager of Chiswick Plumbing) was in training for the 42km Gold Coast marathon on Sunday 3 July 2011.

We are pleased to announce that Lorenzo crossed the finish line in just under **6 hours, 33 minutes**.

His effort and the generous support of those who donated, helped raise much needed funds for **Can Too** and **Cure Cancer Australia Foundation**.

Meet Our Staff
